I know it's nice to think that we can get by with zero work. Just copy and paste a few things and be done.

You can do that here, but keep in mind that every situation is different. And it's impossible for these 'done-for-you' messages to fit your unique situation *exactly*.

You'll get far better results with this course if you use the messages in this document *as a model* for your own messages instead of just 100% copying and pasting.

Sure, you can still copy and paste...just make sure you edit a few words here and there to showcase your personality.

And don't forget to have some fun with it.

## Step 2: Making Contact (Direct Messages)

Hey TasteMaker,

I stumbled across your stuff recently, and I have to admit I was impressed. I thought it was really cool how you genuine compliment about something they've actually done.

I shared it with my friends & fans and they loved it too.

I'm currently working on whatever you're working on that's related to what they're doing.

I see you're something they're doing, but could use help with, and it turns out that's kind of my hobby. I've got a few ideas to share with you that could really benefit of your hobby. Let me know if you'd like to hear them.

Thanks,

Hey TasteMaker,

I really enjoy your site/podcast/etc and one of my hobbies is graphic design. Random hobby, I know.

Anyway, I was going to just make a logo for your podcast, and I've got a couple ideas, but I thought I'd see if you had any ideas.

For some examples of what I can do, check out the following:

I'm not looking for credit or favors in return...just happy to provide some value to a podcast I enjoy. Let me know what your ideas are, or I can share a couple I have.
